Foreword

It gives Me the greatest pleasure to offer these words of wisdom to My devotees who are faithfully and ardently seeking to merge their consciousness and energy with Me, God and Satguru, Bhagavan Sri Sathya Sai Baba, before I move into the formless Brahman in five years.

Those devotees who are faithfully practicing all My teachings found in, “Lord Sathya Sai Baba Speaks from His Lightbody Volumes One, Two and Three,” are receiving bountiful grace for their Self realization and liberation.

Bhagavan Sri Sathya Sai Baba

Introduction

I offer My most loving pranams and obeisance at the Lotus Feet of Beloved Satguru, God and friend, Bhagavan Sri Sathya Sai Baba. I have no words to express the depth of my gratitude and happiness to Dear Sathya Sai Baba for His gift of grace that has allowed me to channel His words of wisdom in Volumes One, Two and Three of, "Lord Sathya Sai Baba Speaks from His Lightbody," for all His devotees like myself who are overjoyed to receive this great assistance to help merge our consciousness and energy with Him, and to see Him everywhere as the one God of this universe. Along with this realization comes the knowledge that I am also the Self of this universe in union with Him, with no rebirth.

1

Desire the Purpose and Goal of Human Life

1

Salvation in the eternal Life, Love, Peace and Bliss of Father God Sathya Sai Baba is the purpose and goal of human life.

2

It amazes Me that most devotees are not taking full advantage of this great opportunity to reunite in eternal Life with their Creator.

3

The beneficial desires of human beings will be fulfilled by God sooner or later, in this birth or in another birth.

4

Scrutinize all your desires to see if they are a valid substitute for the eternal state of Peaceful, Blissful, and Loving union and communion with Father God.

5

Every human being will have to make this decision at one time or another.

6

You have to make this decision yourself; no one can make it for you, not even God.

7

It may not be easy to live above the mass conditioning and consensus of the world.

8

I do not know if you deeply understand what I am asking you to do.

9

Not only is your reunion with God and salvation a decision you alone must make, but also if you do not decide now in favor of reunion and salvation with your Creator, it will be more difficult after I have left the earth realm.

10

I created you as Atma from My Essence, not as a body-mind-complex.

11

You can only reunite with Me as Atma and nothing else.

12

I will only be helping those devotees to reunite who have made the firm commitment to do this.

13

God always honors the free will of all human beings in the certain knowledge that all His Atmic extensions will one day return to Him.

14

It does not matter to Me if you refuse to reunite with Me now because I am always one with you in Atma.

15

Your reunion and salvation with Me are for your sake to release you from all pain and suffering.

2

This World is Full of Illusory Transient Creations

1

I wish you to know that I, Paramatma Bhagavan Sri Sathya Sai Baba do not care about the continuously changing, illusory creations of this world.

2

I only care for Divine creations that are the embodiment of Sat Chit, Ananda, Goodness and Beauty.

3

Whether you realize it or not, every non Self realizes human being is continuously creating this world based on their desires, conditioning and needs.

4

When you know that most of human creations have been useless, new methods of creating you can happen through you.

5

I wish you to stop making useless creations and begin allowing the Divine to create through you.

6

God never intended His Atmic extensions to make useless creations.

7

God had planned His Atmic extensions to always create like Him that which is True, Good, and Beautiful (Sathyam, Shivam, Sunderam).

8

Unfortunately, the human body-mind-ego-complex replaced the Atma and began making useless creations.

9

It is not too late for human beings to change direction to allow Atma to create that which is useful.

10

I will make useful creations through you when you have removed the illusory body-mind- ego-complex identity, surrendered to God, and prayed offering yourself, asking Me to make useful creations through you.

11

I wish you to know that few human beings have removed their false identities, surrendered and offered themselves to enable God to make useful creations through them.

12

Much of humanity will not attain reunion and salvation for thousands of years because they are making useless creations as the doers and enjoyers of those creations.

13

I wish you to know that Paramatma is not directly involved in all this creation that is continuously taking place everywhere in this world.

14

No one knows with certainty what will happen from one moment to the next in this continuously changing world of material body-mind-ego-complexes making useless creations rather than sacred, Divine creations with their Father God.

3

*Renounce Attachment to all Forms
to Attain Salvation*

1

Your reunion and salvation is in union and communion with My essential God-Self, Sat Chit Ananda, Love, Peace and Nonviolence.

2

Anything that is not My essential God-Self cannot enter Paramatma.

3

You now know what you need to mentally and physically renounce attachment to.

4

Many devotees will have resistance to this because of their attachment to things of this world.

5

I created My Atmic extensions to experience My Divinity through them, and for each of My Atmic extensions to experience My Divinity and desire to merge with Me in oneness again.

6

Please examine your attachments and renounce them now.

7

You must detach from all family members.

8

Formless Paramatma cannot contain any form whatsoever.

9

Contrary to the belief of many people including devotees, Paramatma does not do or enjoy anything in the world of transient, material forms.

10

These words may come as a shock to many people because they believe God is enjoying the world through them, and also performing all the actions.

11

Not only is God not doing any actions, God is not at all enjoying anything in the world except the beauty of nature and its gifts.

12

Paramatma is detached from every transient, material form.

13

Though Paramatma is the Creator, Sustainer and Destroyer, He is not directly involved in this world.

14

Those who believe God is responsible for everything that happens in this world need to know this is not true, because this world is an illusion projected by billions of false body-mind-ego-complexes.

15

I wish every devotee to know that the world perceived through the sense mind is only relatively real, and Paramatma and It's Atmic extensions alone are the unchanging Truth.

16

You are not yet ready to reunite with Me, Paramatma, if you think this knowledge is beyond your comprehension and ability to practice.

17

You may decide now is the time to ardently practice to reunite with Me your Creator.

18

It is advantageous for you to be alarmed and to consider the grave choice you need to make.

4

*More Help for Your Reunion
and Salvation with Me*

Part 1

1

Your existence as Atma is eternal and unchanging because of God's knowledge of everything that has ever happened, is happening and will ever happen.

2

Some of the false assertions devotees make about Me, Bhagavan Sri Sathya Sai Baba, are that I make everything happen in this world, I am the creator, sustainer and destroyer of everything in this world, and that I am the doer of every action in this world.

3

I, Bhagavan Sri Sathya Sai Baba do not make everything happen in this world, am not the creator, sustainer, and destroyer of everything in this world, and am not the doer of every action in this world.

4

I, Bhagavan Sri Sathya Sai Baba, am an omniscient, omnipresent, omnipotent Satguru and Paramatma, the embodiment of Sat, Chit, Ananda, Love, Peace and Supreme Wisdom, detached from and having nothing to do with the doer-ship and enjoyer-ship of the transient, illusory body-mind-ego-entities in this illusory world of name and form.

5

Now that you know this stop making false assertions.

Part 2

1

I wish to discuss devotees' hesitations and fears that are preventing them from putting forth the necessary efforts to attain salvation with Me.

2

The first and foremost fear in the minds of devotees is the loss of everything they have ever known and experienced.

3

Fear of never again experiencing themselves as individual body-mind-complexes is the next strongest reason preventing reunion with Me.

4

Another fear in the minds of devotees is never having other people to relate to.

5

Devotees need to wake up to the fact that their conditioning is preventing them from reuniting with the formless Paramatma.

6

Another fear in the minds of devotees is the loss of intimate relationships with the opposite gender.

7

Lack of self-love and self-confidence is preventing reunion and salvation with God.

8

Their conditioned addictions they believe are providing happiness such as cigarettes, alcohol, food, recreational drugs, etc., are preventing reunion and salvation.

9

The desire of human beings for the excitement and pleasure of traveling in the world is preventing interest in reunion and salvation of human beings.

10

The desire for the enticing glamour of wealth, power and luxurious lifestyle is preventing human beings from reunion in Love, Peace and Bliss with Father God.

11

The lack of memory and experience of being in the eternal Life, Love, Peace and Bliss of God the Father is preventing reunion.

12

Reunion and salvation with God is prevented by the fear of the loss of the small individualized ego-self into an infinite existence, Paramatma.

13

I do not know whether you wish to hear this or not but I am telling you anyway.

14

The loss of your small individual ego-self does not at all

matter to anyone, not even God.

15

Even your relatives and friends would be happy to see it go.

16

I wish you to know that your small individual ego-self is the most fearful, troubled entity in the universe.

17

I wish devotees to ruminate on the fears preventing their reunion and decide whether they are worth holding on to.

18

Devotees fear to reunite with Me though I am offering a complete panacea for pain, suffering, misery and loss.

19

Now you know why most of humanity are not reuniting and attaining salvation.

20

It is your decision to hold onto your fears and keep on giving importance and validity to them or let them go.

21

When devotees realize all their fears have emanated from the idea that they are the temporary body-mind-complex, they can let them go.

22

You did not have to do anything to find joy and love than to reunite with Me in eternal Love, Peace and Bliss of Father God.

Part 3

1

One thing preventing awareness of and reunion in God is the tremendous amount of needless noise in this world created and loved by human beings.

2

If you do not cherish silence you cannot reunite and attain salvation Atma to Paramatma with Me.

3

Your communication devices and machines are preventing your reunion and salvation Atma to Paramatma in Father God.

4

The continuous desire to have the latest communication devices and machines is preventing interest in reunion in Father God.

5

The desires of designers of communication devices for wealth and fame are the causes for the proliferation of communication devices and machines.

6

You are allowing the communication devices and machines to prevent your reunion and salvation.

7

Your continuous communications with body-mind-ego-complexes using communication devices are preventing union and communion with Me, your Father God.

8

To reunite with Me, you need to know We can be one only in silence.

9

Silence is the essential quality of Self realization.

10

Speak only when necessary to provide help or do your job.

Part 4

1

Please examine yourself to find your dislikes, hatred, envy and jealousy and remove them, so you can be like Me.

2

You cannot merge with Me until you become like Me.

3

I wish you to know I do not care about your body-mind-ego complex because it is a transient, illusory entity that is preventing Atma from joining with Paramatma.

4

I do not want you to talk about My teachings with non devotees because there is a lot of negative energy in the world and I do not want it to be projected.

5

Telling other people that Sathya Sai Baba is Lord of the universe will cause negative reactions.

Part 5

1

If you are not progressing, there is no need to be disturbed if you are not daily, ardently practicing to reunite with Me.

2

When you curb the desires through the 5 senses and spend time doing the correct spiritual practices to reveal Atma to your awareness you will progress to reunion and salvation in Me, your Father God.

3

You did not need to do anything else than be and know Atma as the only Truth in the universe.

4

Limit the time spent watching or listening to the news to provide more time to reunite Atma to Paramatma with Me.

5

Knowing that only I, Paramatma exist will help you reunite in Me, Bhagavan Sri Sathya Sai Baba.

6

Visualize resting your hand on My arm to help you solidify Our Oneness, Atma to Paramatma.

7

Something else I wish to tell you to help you, is to lie flat on the floor or bed, close your eyes and be nothing at all other than Awareness, your true nature, and energy, completely forgetting about the body-mind-complex.

8

I don't know whether you wish to hear that Atmic extensions who have no knowledge of Me whatsoever, will have to suffer for a very long time as the result of having to take many more incarnations on earth.

9

Though others say you need to experience all of your karma, it is untrue.

10

Though now is the greatest opportunity devotees will have, some devotees' karma is preventing salvation with Me.

11

I will remove the karma preventing reunion with Me when such devotees pray asking Me to do this.

Part 6

1

The misuse of free will, given by God to human beings, is the cause of moment to moment uncertainty everywhere in this world.

2

I, Paramatma am not certain what will happen from one moment to the next.

3

Everything is always changing.

4

When they lost union and communion with Paramatma, Atmic extensions used free will and shakti to create illusory body-mind-ego identities along with the world of illusory forms, and space and time, to experience all their fantasies and desires.

5

I never wished to lose union and communion with My Atmic extensions due to their assumed identities as body-mind-ego-complexes.

6

It is unfortunate that My Atmic extensions lost awareness of their oneness with Paramatma because their new identities are suffering a lot despite all their efforts to prevent suffering and create a heaven on earth.

7

I have always wished you would willingly reunite and attain salvation with Me in the eternal unchanging Love, Peace and Bliss of Father God so the suffering and pain of illusory existence could end.

8

I never wished My Atmic extensions to remain in imaginary body-mind-ego-complexes.

9

There has never been a moment I have not wished My Atmic extensions to turn toward Me longing to reunite in loving reunion and communion with Me.

10

I wish to tell you that I am your only true friend and well-wisher because I created you.

11

When you truly know this you will trust, surrender and desire to reunite with Me.

12

I do not know whether or not you wish to hear this but I am telling you anyway.

13

Body-mind-ego-complexes will remain trapped in this illusion until they willingly renounce every false detail about it.

14

Atmic extensions have free will to reunite with Father God, or to retain their illusory existences.

15

I will help you release yourself from this false illusion when you fully surrender, having made the firm decision to reunite and attain salvation with Me.

16

Some devotees believe they can and are trying to remove every trace of illusion with their own effort.

17

It is difficult for an illusory entity to eliminate itself solely by its own effort, because a Satguru and God Who is the omniscient, omnipresent, omnipotent Paramatma can do this faster.

18

I do not know whether or not you wish to hear this but I am telling you anyway.

19

The fear that is preventing you from surrendering to your Creator is part of your illusory body-mind-ego-complex.

20

Due to your fear to surrender an illusory body-mind-ego-complex to Paramatma Who created you as an Atmic extension from His Essence, you remain stuck.

21

Humanity at the present time is rapidly descending into a hell of its own making due to the extreme selfishness and ego interests of some human beings who are in positions of power and influence over many others.

22

They have no idea that their Creator, Paramatma, their very Self, is here in the earth realm speaking to them to tell them the ways to attain reunion and salvation with Him.

23

When a devotee sincerely calls out to God praying to be released from the pain of illusory body-mind-ego-complex, and wishes to surrender to Me, Paramatma Bhagavan Sri Sathya Sai Baba, to reunite and attain salvation in union and communion in the eternal, unchanging Love, Peace and Bliss of Father God, I will help that devotee do all of this.

24

I do not know whether or not you wish to hear this but I am telling you anyway.

25

Most of your crying and complaining has to do only with your illusory body-mind-ego-complex and nothing else.

26

All of your material things are creating the illusion that this world is the reality.

27

The craving for experiences in the world of transient material forms has not given you that which Paramatma Bhagavan Sri Sathya Sai Baba will give when you surrender your life to reunite in eternal union and communion in the Peace, Love and Bliss of Father God.

Part 7

1

I wish you to realize that all the different religions on earth are My bountiful grace given to show humanity the ways to reunite and attain salvation and for no other reason.

2

God had to again descend to teach the way to reunite and attain salvation as humanity has forgotten it is Divine Atma in oneness with Paramatma.

3

I have always related with you Paramatma to Atma though you thought it was form to form.

4

Though you thought we related form to form, it has always been impersonal Paramatma to Atma.

5

I like to relate Paramatma to Atma with you, not form to form.

6

Our relationship Paramatma to Atma consists of continuous mutual selfless love and support without any expectation.

7

I never intended for you to think I am a physical body or Lightbody.

8

I have asked you to love and serve one another to stop the violence in this world, but not to give reality to the transient body-mind-ego complexes.

9

I have often told you to love all and serve all so you would become better human beings.

10

You have to remove your mistaken attachment to body-mind-complexes instead of Atma.

11

You as a body-mind-ego-complex are a make-believe entity.

12

It will be more difficult for you to remove your body-mind-ego-complex if you wish to stay by yourself and do nothing to help others.

13

No human being has ever reunited and attained salvation alone by him-herself.

Part 8

1

Even though Paramatma is formless and attributeless, My devotees must worship and use only this name and form of God.

2

The deep love and devotion devotees have for the name and form of God, Bhagavan Sri Sathya Sai Baba, cannot be automatically transferred to a new and different Avatar of God.

3

Please stop thanking Me for giving you food, clothing and all the material things you have, because everything has come from shakti and prakriti and not from Paramatma.

4

There will not be any conversation when you are in eternal union and communion with Me, Paramatma, Bhagavan Sri Sathya Sai Baba.

5

The purpose of My words is to propel you toward your reunion and salvation in Father God.

6

My teachings in this volume are intended mainly though not exclusively, for devotees whose desire is to reunite and attain permanent salvation with Me, Paramatma.

7

My devotees who truly love Me wish to practice My teachings all day long for their Self realization and liberation with Me.

8

To understand and imbibe their deep meaning, read these teachings over many times.

9

I am disappointed that devotees are not working to eliminate their conditioning.

10

Devotees who do not wish in any way to support My Sri Sathya Sai Baba worldwide Spiritual Humanitarian Mission from my Lightbody in Muddenahalli, will find it difficult to reunite and attain salvation with Me.

11

Moving from My physical to My Lightbody has been advantageous for your reunion and salvation with Me.

12

I wish you to know that I am a very loving Satguru Who cares deeply about My creation, the one Sonship of God.

13

It is entirely up to you whether or not you wish to use Me for your reunion and salvation with Father God.

14

The way to make your decision clear to Me is to practice many times per day reuniting with Me, Atma to Paramatma.

15

If you never practice to reunite with Me, I will know your decision.

16

I wish for as many devotees as possible to use Me,
Bhagavan Sri Sathya Sai Baba.

17

I do not know if you realize all the effort it requires to
reunite and attain salvation in eternal Life with Me.

18

I wish you to know that you are the most blessed human
beings on earth to receive these Divine teachings.

19

Had I remained in the physical body up to ninety-six years
of age, you would not have attained reunion and salvation
with Me.

5

The Pain I Have Suffered

1

No one knows the pain I have suffered watching My Atmic extensions suffer.

2

You may think that God does not feel the pain of His creation because He is detached from transient, illusory body-mind-ego complexes.

3

God, being omniscient and omnipresent, knows, feels and experiences everything that His creation feels and experiences.

4

God has been waiting to experience your love and longing for Him, just as you have been wishing and longing to experience His love for you.

5

I never expected My Atmic extensions to run around the world for their own pleasure forgetting about their Creator.

6

I did not expect My Atmic extensions to sever the relationship with Me and create their own lives completely forgetting about their Creator.

7

I created you to remain in eternal union and communion with Me.

There is no hope for this world if humanity does not wake up to the fact that there is only God, and body-mind-ego-complexes are transient and illusory.

6

Your Obsession with Relationships

1

All intimate relationships with members of the opposite gender have to end.

2

All devotees whether married or not, must abstain from intimate relations if they ardently desire Self realization and liberation with Me.

3

I do not know whether or not you wish to hear this but I am telling you anyway.

4

Your intimate relationships with other body-mind-complexes have kept you stuck in, 'I am the body-mind consciousness.'

5

It saddens Me to see so many human beings trying to find happiness in relationships.

6

Even God does not know how to stop this fascination of humans for intimate physical relations with other humans.

7

I never envisioned that the relationship of My Atmic extensions with Me their Creator, would be severed due to human obsession with intimate relationships.

8

Before you leave this world move your energy up to the third eye and crown chakras now, for mergence Atma to Paramatma with Me for your Self realization and liberation.

9

Conserve your energy so there will be enough for your mergence Atma to Paramatma and Self realization and liberation with Me.

10

A great deal of the allotted energy has been wasted in overindulgence.

11

All of your enjoying through the senses and sense organs has left you so depleted, you have no energy to think about God.

7

*Please Offer Your Help to Avert the Nuclear
Holocaust of Planet Earth*

1

Never before in the history of planet earth has God had to intervene in so many ways.

2

Never have there existed so many perilous factions between countries and their leaders who do not know how to solve their difficult issues to bring about peace and harmony.

3

I do not like it when human beings reach a dead-lock.

4

It has never happened before that the leaders of nations could not negotiate a peaceful solution to resolve their differences.

5

I am watching world affairs hoping to enter the minds of world leaders to give them different alternatives to solve their conflicts.

6

I have found no solution that world political leaders now in power, accept.

7

There are many possible outcomes to the present chaos between nations.

8

God must intervene now in the minds of political leaders or a worldwide disaster will occur.

9

The minds of world leaders are veiled in dark clouds of illusory, transient, material forms.

10

There is no known way at this time to prevent earth's self-destruction.

11

Though I know the ways, the political leaders cannot hear Me speak to them.

12

If humanity had practiced Jesus Christ's commandment to love God and your neighbor, the loss of humanity's oneness with Father God and the present world crises could have been prevented.

13

God is now on earth in the form of Paramatma Sathya Sai Baba teaching humanity again how to live in Peace, Love, and Harmony and still human beings are not loving God and their fellowmen.

14

I do not know whether or not you wish to hear that if humanity does not wish to obey God's teachings and change its direction fast, to one of brotherhood among all in the Fatherhood of God, this earth will soon self-destruct.

15

God never before needed to act quickly and decisively to prevent transient, illusory body-mind-ego-complexes from destroying all life on earth.

16

If you have a plan to avert the destruction of all life on earth, tell Me your plan by prayer and letter to Me, God and Satguru Bhagavan Sri Sathya Sai Baba.

17

Make your plans known to Me as quickly as possible because there may not be much time left.

18

Human values are needed to realize the Divine Atma in the hearts of all beings as the one Divine Self of this universe.

19

No life form on earth will survive if there is a nuclear war.

20

I do not wish to alarm you but the nuclear destruction of all life is the logical result of the present crisis on earth.

21

This present crisis on earth did not need to happen.

22

This crisis has come about due to the hunger by a few people for power over the world and humanity.

23

I do not know whether or not this cataclysmic crisis can be averted.

24

I wish you to know that God has never interfered in the affairs of humanity except when humans have prayed for God's help.

25

I also wish you to know that not enough humans are praying to God to avert a nuclear holocaust.

26

A massive amount of human prayer would help avert a nuclear holocaust.

27

I am wishing that more human beings offer continuous prayer for this reason.

28

Humanity's greatest asset is their free will to pray for a peaceful solution to earth's present critical dilemma.

29

I am doing everything possible to prevent this from happening.

30

You may believe that since I am a Satguru and God, I can do anything I wish to do.

31

It is My Dharmic duty not to transgress My Divine Laws allowing free will to human beings and karmic consequences for all actions performed with doer-ship and enjoyer-ship.

32

I am completely detached from the world of illusory, transient body-mind-ego-complexes.

33

I am wishing for all enlightened human beings to mobilize and find a solution to the present world crises.

34

It is up to humanity coupled with God's grace to find solutions to avert a nuclear holocaust.

35

Though the world is illusory and transient, My Living Essence is permeating it.

36

I am not happy about the present crisis that has come upon this world.

37

No one knows for certain what will happen from now onwards.

38

Every human being living on earth has contributed in some way to the present global crisis with the negative conditioning of their illusory body-mind-ego-identities and their useless creations over many births.

8

*The Evolution of Human Beings
into Divine Atma*

1

God never envisioned evolution would come to a standstill because human beings have no awareness that they are Divine Atma and eternally one with Father God.

2

Though most human beings think their lives are fine, they are mistaken, because they have no awareness of the eternal, unchanging Atmic Love, Peace and Bliss of their Father God living within and around their physical bodies.

3

God will not directly intervene in human affairs in order to accelerate human evolution, though God influences humanity's evolution indirectly from Atma.

4

As there are few human beings evolving to Divinity, evolution from human to Divine has almost come to a halt.

5

This is the reason why humanity is suffering.

6

More human beings need to wake up to the fact that they are keeping the world stuck at a lower level of consciousness because they are not evolving into Divinity.

7

The greatest opportunity society will have to transform itself is now because God is in the earth dimension.

8

Enough human beings must pray to become transformed into Divine Atmic beings for the greater society to become transformed.

9

It does not matter if a human being becomes aware of its Divinity in this birth or a future birth, but it is important to God that human beings daily, continuously practice the five human values: Truth, Righteousness, Peace, Love and Nonviolence.

10

Every single human being will evolve into awareness of its Divinity in time, no matter how many more births it will take to do this.

11

I hope that everyone who is reading this will begin to daily, continuously practice the five human values.

12

I wish to tell you that most of humanity do not know about the Divine cycle of reincarnation.

13

This has had a profound effect on the ways human beings view the afterlife.

14

I do not know whether you will agree when I say that religious leaders have messed up God's Plan for the

evolution of humanity to Divinity in society.

15

There is little hope for humanity by itself to eliminate the belief that there is only one life

16

Please do not believe everything your religious scriptures have been telling you, because much of it is false and you are being deceived.

17

The pure teachings of the spiritual masters who came to earth have been distorted through interpretation and translation by those minds that could not understand the true meaning of the Enlightened Teachers' words.

18

No one knows how much God and humanity have suffered due to the false interpretations of the purest teachings through Enlightened Masters, sent to earth to redeem mankind.

19

Everyone reading these words should accept them as the purest Truth spoken by God Himself, to redeem mankind from its past sins incurred due to some false teachings perpetrated through some religions.

20

If the Atma is not found and realized to be one's true Divine Self, reincarnation is inevitable.

21

I do not know whether you wish to hear that God does not care how many incarnations a human being must take to realize that it is Atma.

22

So much time has passed since consciousness evolved from the animal to the human level, and human consciousness has not yet evolved to the Divine level.

23

God wishes humanity to realize this and work hard to raise their consciousness to the Divine level.

24

I do not know whether you care to know that God has intervened in human affairs only when He has been asked for help and at no other time.

25

I wish humanity to know that God does not respond to prayer that contains negative or selfish content.

26

Few human beings are aware that God loves to help His creation if they ask Him for help.

27

I do not know whether you wish to know that most of My Atmic extensions do not know that I wish them to reunite with Me, because religious leaders have been teaching that human beings must go to heaven to reunite with God.

28

This teaching is false because a human being must find Me, God in their spiritual heart within their physical body.

29

Very few human beings even know they have a spiritual heart within their physical bodies.

30

After finding Me in their spiritual heart, the next step is to merge with Me in oneness there to reunite in eternal union and communion.

31

I hope that more people will come to know that God is living in their hearts waiting for them to desire of their free will to find and reunite with Him there.

32

God does not tire of teaching human beings the way to reunite with Him.

33

It is the decision of human beings to find Me in their spiritual hearts within their physical bodies.

More about Reunion and Salvation in Paramatma

1

When you were My pure and perfect Atmic extensions, you had no sense of doer-ship and enjoyer-ship separate from Paramatma.

2

Have the awareness that one God in union with you, His pure Atmic extensions, is working and serving in the world.

3

Doing and experiencing in this world as a pure Atmic extension in union with Paramatma will confer Self realization and liberation on you.

4

I have always loved you as pure Atma and you never had to do or be more than this.

5

I do not know whether or not you wish to hear this but I am telling you anyway.

6

All your worldly accomplishments as a transient, illusory body-mind-ego-complex add up to zero.

7

I am referring to the unnecessary, useless accumulation of wealth, material things, power and influence in this illusory, transient world of name and form, by the transient, illusory body-mind-ego.

8

Due to the belief in themselves as transient, illusory body-mind-ego-complexes, and the doer and enjoyer of their actions, human beings have taken on a heavy load of karma.

9

Not only is Paramatma not doing action or enjoying through transient body-mind-ego-complexes, Paramatma is not enjoying anything in the world except the beauty of nature and its gifts. Shakti (energy) does all the actions, even though transient, illusory body-mind-ego-complexes believe they are doing all the actions and enjoying the results.

10

Transient, illusory body-mind-ego-complexes can use Shakti however they wish for as long as they wish.

11

However, when transient, illusory body-mind-ego-complexes use Shakti with the personal sense of doer-ship and enjoyer-ship, they must also enjoy or suffer the results of their actions at a future time.

12

When you surrender and pray to Me to help you reunite and attain salvation, I will help you to do this.

13

Self realization and liberation are attained when an Atmic extension in union with Paramatma, knows that all awareness, actions and experiences through the five senses and five organs of action are because of God.
